

Angel Craft

Using white card, draw around the template, cut out and colour using felt tips, crayons or paint.

Using any colour wool, wrap the strand around a book, lengthwise, 30times.

Cut one end, so you get long strands. Find the middle and wrap round your angel's neck. Using a narrow ribbon, tie it at the back of the neck, round the strands, take the ribbon down to the waist, wrap round and tie again as a tassel belt.
